Officer Reports

Vice President of Academic Affairs: William Stanford
November 19, 2013

Many of the activities below have remained in progress and will hopefully be completed in the next two weeks.

Last Week:
Last week I contacted the Office of Institutional Research to possibly conduct a credible survey regarding the plus or minus grading system with students. The process is ongoing to obtain approval from the legal department to proceed in the SGA Academic Affairs Committee's objectives. Questions have been made by myself and the Academic Affairs Committee for the survey.
Last Friday, SG hosted the OU meeting and I spoke with the Veterans Student organization about meeting with me for the Disability Student Forum.
A poster is in the process of being made to promote the Disability Initiatives Forum and the Office of Disability Services has agreed to help promote the forum, as well as, speak at the forum on an ad hoc basis to discuss current events/initiatives in the University.

This Week:
This week I plan to continue developing the survey for the plus or minus grading scale system and keep in contact with the Office of Institutional Research.
I am determining the correct language for the poster for the disability initiatives forum. Once complete I will work with the VP of Public Relations to develop the poster further.

Next Week:
Based upon decisions by the University, I plan to meet with the Office of Institutional Research to conduct a survey regarding the plus or minus grading scale system. I also plan to continue promoting the Disability initiatives Forum.
