 - b. **Senator Walker asks** for 90 seconds to speak to the Senate. He begins by letting the Senate know that we have been on the short end of the stick when it comes to a relationship with our local and state governments as we have had various alumni serve as Speaker of the House, Speaker Pro Tempore, and Chancellor of the University System of Georgia over the past 10 years. He asserts his support for the bill and sees this a great opportunity for Georgia State students to have a seat at the table and work with all our local governments in various efforts, like MARTA. He also emphasizes that we need to make sure that at a state level when the budgeting cycle comes, we are exercising our ability to get every penny possible.
 - c. **Senator Abraham moves to end discussion, seconded by Senator Jones. Motion passes.**
- v. **Various grammatical errors are friendly amended by Senators DeHart and Ebiringa, all which are approved by Senator Abraham.**
- vi. **Senator DeHart moves to friendly amend the bill by adding a section** to the bill that states that the committee members will be appointed by the EVP of the Atlanta Campus, to which **Senator Abraham moves to discuss this on the floor, seconded by Senator Jones.**
- vii. **Speaker Thomas opens the floor for discussion for two minutes.**
 - a. **EVP Rahman:** "Since it's an ad hoc committee, technically, there has to be an amendment."
 - b. **Senator Abraham:** For which part?
 - c. **EVP Habibur Rahman:** "So, add another section entirely, for appointments. It's just a technicality. So, the committee would function as it would, we're just writing i—we're just officializing everything."
 - d. **Senator Abraham:** "But why does it—I don't understand why they have to be appointed?"
 - e. **EVP Habibur Rahman:** "Because its ad hoc."
 - f. **Senator Abraham:** "Yeah, I understand that but why does it have to be appointed by the EVP?"
 - g. **EVP Habibur Rahman:** "Cause that's just the way it's been done for ad hoc committees. Even for GILEE, like GILEE for example, last year was appointed by the President because that was the

executive of the University-Wide. Unless you want to sit here and nominate—"

- h. **Senator Abraham:** "I just don't think they should be appointed. I think they should just be senators."
- i. **EVP Rahman:** "They will be."
- j. **Senator Abraham:** "I understand they will be senators. Of course, but do they have to be appointed for an ad hoc committee?"
- k. **EVP Habibur Rahman:** "Forget ad hoc committee. It's for standing committee's; go through that proceeding."
- l. **Advisor Sutton:** "Without the amendment, it doesn't define how the group is constituted."
- m. **Senator Abraham:** "Yeah, so why can't they just be senators who want to join an ad hoc committee instead of having to be appointed?"
- n. **EVP Habibur Rahman:** "SJB?"
- o. **SJB Liaison Allen, point of information:** "Is there anything in your specific constitution (bylaws) that regulates that ad hoc committees must be appointed?"
- p. **Director Velasquez:** "I am checking the bylaws right now."
- q. **EVP Habibur Rahman:** "It's always been done on principle."
- r. **SJB Liaison Allen:** "I understand—"
- s. **Director Velasquez:** "There's nothing in the bylaws."
- t. **SJB Liaison Allen:** "I understand but there is nothing in the bylaws to support that. **Speaker Thomas asks for members to speak one at a time. SJB Liaison reaffirms that her question pertained to whether the SGA bylaws matched the information she had. "There is nothing that mandates this, even though this was tradition."**
- u. **EVP Habibur Rahman:** "It is conventional. Should you choose not to accept it, you can refuse it, and we can change it to what you accept. Because, that was—the only reason we added it was to make sure that the committee was appointed because there was no wording in the bill appointing the committee itself."
- v. **Senator Abraham:** "So, it just says that at least 5 members of the senate."
- w. **EVP Habibur Rahman:** "Yeah, so the bill is not conceding those 5 members, not in the technicality rule book. If you were to say that members of the senate wish to join it, that would also satisfy it."
- viii. **Senator Abraham and EVP Habibur Rahman agree on the friendly amendment. Speaker Thomas indicates that the discussion time period is over.**
- ix. **Senator DeHart motions to make a new amendment to "add a section to specify that "whoever wishes to join the committee—""**
 - a. **Senator Abraham:** "" ... will have to be seated.""
 - b. **Senator DeHart:** "That's a lot."
 - c. **EVP Habibur Rahman:** "I think that they would have to be seated on another bill, to seat them. You want to do that?"

- d. **Senator Abraham:** “Yes.”
- e. **EVP Habibur Rahman:** “Or do you want to just want to have it all on here?”
- f. **Senator Abraham:** “No, that happens at a later time.”
- g. **Speaker Thomas:** “Senator DeHart how would you like this section to read?”
- h. **Senator DeHart:** “Um... these specify that the committee member will be seated on a volunteer basis? No?”
- i. **Senator Abraham:** “Nope not volunteer. They will be seated.”
- j. **Senator DeHart:** “...will be seated by the Atlanta Campus Senate.”
- k. **Advisor Gail, point of inquiry:** “What is your desire in terms of how the committee is built?”
- l. **Senator Abraham:** “So, the Atlanta Senate, will have to—if they do volunteer, they will have to be approved by the Atlanta Senate as a whole.”
- m. **Advisor Gail:** “So, are you interested in doing that tonight?”
- n. **Senator Abraham:** “No.”
- o. **Advisor Gail:** “Ok, so they will be seated at a future date?”
- p. **Senator Abraham:** “Yes.”
- q. **Advisor Gail, friendly suggestion:** “Do you want to table this, so that it can be brought up under old business at the next meeting, where you’re prepared to seat and fill blanks...?”
- r. **Senator Abraham:** “Yes, I Senator Abraham motion too table—no, never mind. Can we still vote on legislation and then at future Atlanta meetings—”
- s. **EVP Habibur Rahman:** “No.”
- x. **Senator Walker motions to table the bill until the next meeting on Thursday, September 26, seconded by Senator Coggins.**
 - a. **Motion fails. 4 For. 4 Against. 11 Abstentions.**
- xi. **Speaker Thomas entertains a motion for continued discussions, a friendly amendment, or a call to vote.**
- xii. **Senator Abraham call for to continue discussion for 3 minutes, seconded by Senator Jones. EVP Rahman and Senator Abraham confer with Advisor Gail on whether it is possible to add the words “...appointed by the EVP and approved by the Senate,” so that they can approve the legislation tonight and appoint and approve at the next meeting. Advisor Gail concurs but suggests that the day that members will be confirmed on be added to the bill.**
- xiii. **Senator DeHart, point of information:** “Would we not just pass the bill as is?”
- xiv. **Senator Abraham:** “No.”
- xv. **EVP Habibur Rahman:** “It’s going to be two different pieces of legislation.”
- xvi. **Senator Abraham:** “We’re going to amend it, and then approve it. Then at the next meeting we will be appointing.”
- xvii. **Senator DeHart:** “Ok.”
- xviii. **Senator Abraham motions to end discussion early, seconded by Senator Stokes. Motion passes.**

- xix. **Senator Abraham motions to add a section that states “be appointed by the Atlanta EVP and approved by the Atlanta Senate on September 26, 2019.”** (It is important to note that Senator Abraham wrote this bill and therefore does not need approval to make changes to her bill.)
- xx. **Speaker Thomas entertains a call to vote.**
 - a. **Senator Ebiringa motions for a call to vote, seconded by Senator Milani. Motion Passes. 13 For. 2 Against. 4 Abstention.**

VII. **Two Minute Speeches by members of the Senate.**

- A. **Senator Walton:** Discusses trying to re-charter Kappa Alpha Psi. They have been banned from the campus indefinitely; it's been 10 years. Senator Walton believes that we shouldn't punish those who want to be a part of it. He sent in his request to Dr. Calhoun-Brown yesterday, who would have the last say in whether they can come back or not. Senator Walton also talks about a student DJ who wanted to come and bring some life to Panther Dining during wing nights on Thursdays.
 - i. **Senator Le:** "Why was Kappa Alpha Psi banned from campus?"
 - ii. **Senator Walton:** "Hazing allegations."
- B. **Senator Abraham:** Informs the senate that Dr. Calhoun-Brown will be present at a Student Life meeting which she will get the specifics for next week. Suggests that if members want to be able to speak to her about bringing them back those would be great opportunities.
 - i. **Senator Cornett:** Informs us that Tyrell is working towards the same initiative so collaborating with him would be a good idea.

VIII. **SGA Senate Committee Reports**

- A. **Academic Affairs Chair Senator Walton:** The Academic Affairs meeting will be bi-weekly on Fridays from 1-2:30 pm in the SGA Conference Room. Currently working on planning Final Weeks. Senator Walton emailed the Director of Advisement regarding how we can improve advisement. If you have any suggestions, please talk to Senator Nigel Walton or join the Committee.

C. **Student Services Committee Chair Senator Tshizubu:** His committee meets every Friday from 11-12 in the SGA Conference Room. Working on a commuter and religious meal plan with EVP Rahman. Commuter's already get a 10% discount at any dining hall, but Senator Tshizubu is looking for a program that will allow commuter students "swipes" in the dining halls. He is still working with the Panther Dining Director who is entering in a contract with a company that will be providing Hillel chicken, meeting was canceled for today but rescheduled tomorrow. The Counseling and Testing Center will be getting a new space in Dahlberg Hall on the 2nd floor, as well as some new employees. They are waiting on funding, which will take about 30 days. They hope to open the new facility by January. The Clinic is also looking to expand. They have a lot of students come in but there doesn't seem to have enough space. The clinic was opened in 2008 and were promised a larger space after 10 years which has still not happened. Senator Tshizubu calls for all organization and club leaders to take a part in the QSR meeting which informs students on the various ways to help a student in crisis. Ishir tells him that they will be taking it to a professional recycling location.
- ii. **Senator Le** inquires about what locations they are looking to put their machines on campus. Nicole says they have been looking at locations near the housing centers as well as the library as this is where students frequent.
- iii. **President Mejia explains** that something she recently learned is that when you are recycling it is important to remove the ring around the bottle as well as the wrapping as these are very dangerous for the environment. She inquires as to whether that was going to be a process required of the people participating or if they will do it themselves. Ishir informs the senate members that they will be doing it themselves, but the barcode will have to remain as this allows them to get information on what type of bottle it is as well as keeping track of them.
- iv. **Director Malbrough** also offers his assistance regarding getting the word out and securing any rooms needed for further discussions regarding the project.
- v. **Speaker Thomas asks that if there are any further questions to direct them towards Senator Tshizubu after the meeting.**

Encourages senators to get to know the new liaisons.
- F. **University Committee Reports: Senator Milani discusses** her attendance at the Cultural and Diversity Committee. This meeting was more so an introductory meeting in regard to the members themselves as well as what this committee is to do. They discussed forming subcommittees, for example a Faculty and Staff Diversity, that would focus on the onboarding of a more diverse faculty and staff as well as ways to help GSU retain them. Senator Lopez references other committees such as and LGBTQIA+ Support Community which will focus on things like providing more gender-neutral bathrooms, and a General Student Diversity Committee, focusing on things like the inequalities between male and female sports and how it affects the students, or the individuals involved in said sport.
 - i. **Senator Walton says** a student made a comment to him about the disparity between how men's sports are advertised on a larger scale than women's sports.
 - ii. **Director Velazquez emphasis** this notion of a disparity between the two sexes especially when the female teams are bringing in the wins and are still not being advertised as well as the male teams.
 - iii. **Senator Garrett would** like to know how the committee will go about collecting that information or data.
 - iv. **Senator Lopez says** that this was the introduction meeting, but she will inquire at the next meeting as to how the data will be collected.
- IX. **Advisor Sutton Report:** Discusses that there will be some lighting renovations going on to conserving more energy. This is a project that was co-funded last fiscal year, partially by SGA and the other part by Student Center Operational Funds. The conference room already has energy-conservative lights; they are looking for the rest of the office to match. Speaker Thomas** does encourage members join the committee as it is an integral committee regarding safety on campus.
- XIII. **Executive Vice President Report:** Informs the Senate that the Student Activity Fee Committee will begin meeting tomorrow and extends an invitation out to the members to join in hopes of becoming an alternate as he would like help in allocating the funds to the various organizations. The meeting will be from 3-5pm, please speak with EVP Habibur Rahman if you are interested. Badges are available as well, so again see EVP Habibur Rahman to collect you badge.
- XIV. **President Mejia:** Expresses her excitement to finally having the Liaisons here, as we have had previous liaisons in the current administration who were go getters and we have had some spread their wings elsewhere after being a liaison. So, she is excited to see what the liaisons bring to the table as well as how they can all grow together as the 90th Administration. Yesterday, there was a financial literacy event posted by the Student Financial Department, that was quite informative. This month is safety month.
