Initiatives:

- The speaker of the senate has been researching the concern regarding the disproportion course registration requirements.
- Looking for resources & support to assist the Dunwoody Senate with addressing the Dunwoody parking lot concern (POT-HOLES)
  - The Senator of Govt. and Community Affairs provided this report:
    - Suggestion:
      - First Option: "To permanently fix the potholes in the parking lots, is an option is strip-patching. The problem with this is that it is very expensive."
      - Second Option: “Is filling the potholes with asphalt. One of the problems is that it is a temporary fix because eventually, the tires will wear out the asphalt leaving the pothole exposed again. Another problem is that the asphalt cold patch material only works on dry surfaces, so it would have to be on a day when it does not rain.
    - We will be contacting Mr. Brian Taylor, Plant Ops at Dunwoody to further assist with resource contacts for the parking lot concerns
  - We also discussed that the transportation fee for Perimeter College students is allocated toward the MARTA 30-day UNLIMITED pass. We met with the Cashier’s office and we requested a report on how many students have purchased the 30-day-MARTA UNLIMITED passes.
